Show closes: February 24, 2024 5:00pm

1. All works entered must originate with the artist submitting them. No copyrighted materials, characters, or content from existing games, books, or any other media may be submitted for this exhibition. Digital and analog work is accepted, but AI generated images are not permitted. Artists must submit only their own **original** creations.
2. Work must be ready to hang. Framed or matted, it must have **wire** across the back by which to be hung by one hook on the wall. Sculpture must be stable and able to stand on its own.
3. Completely fill out both the *Entry Application* and an *Entry Label*. Each artist may submit one piece. Cut out the Entry Label and firmly attach to your artwork - on the lower back of 2D work or the bottom of 3D artwork. If your work is not for sale, mark the price as NFS. Please print clearly and fill out each form thoroughly and accurately.
4. Entries must be submitted in person during the designated entry dates. All submitted works must remain on view in the gallery until the end of the exhibition and picked up ASAP following the close of the show. Any works left for more than **one month** after the closing date will be considered a donation to TASI.
5. TASI takes a 30% commission on all sales, so work should be priced with that in mind. All transactions will be conducted by The Art Studio, Inc. Sales tax is collected at the time of sale. In the month after the show closes, TASI will mail a check for sold work to the address given.
6. All work is presented at your own risk, as TASI has no insurance for the protection of art. All precautions will be taken to protect the art but we are not responsible for loss or damage of your work, especially if it falls off the wall due to faulty hanging apparatus.

Your entry into the show implies your agreement with these guidelines. Please keep this portion for your records.
